

1. Creación del repositorio:

The screenshot shows the 'New repository' page on GitHub. The page title is 'Create a new repository'. Below the title, it says 'A repository contains all project files, including the revision history. Already have a project repository elsewhere? [Import a repository.](#)'. There is a note: 'Required fields are marked with an asterisk (*)'. The 'Owner' field is set to 'Will980410'. The 'Repository name' field is '1075310599_parcial3', with a green checkmark and the text '1075310599_parcial3 is available'. Below this, it says 'Great repository names are short and memorable. Need inspiration? How about [solid-octo-lamp](#) ?'. The 'Description' field is optional and empty. There are two radio buttons for visibility: 'Public' (selected) and 'Private'. Below these are checkboxes for 'Initialize this repository with:' including 'Add a README file' and 'Add .gitignore'. The '.gitignore' template is set to 'None'.

2. Realizar procedimiento en trello:
